EXERCISE SCIENCE, PHYSICAL EDUCATION, & RECREATION: K-12 EDUCATION CONCENTRATION 3+2 PLAN, INTEGRATED BACHELOR OF SCIENCE/ MASTER OF EDUCATION: HEALTH & PHYSICAL EDUCATION CONCENTRATION

The 3+2 Program offers students the unique opportunity to graduate with both a Baccalaureate and Master's degree in 5 years. Students will earn a BS degree in Exercise Science, Physical Education and Recreation with a Physical Education concentration and a minor in Education and an MEd degree in Education. Students will attain certification K-12 in Physical Education and an endorsement in Health. Talented students are thus quickly moved toward expanding their academic and scientific horizons based on an individual student's abilities and motivation.

Student who are interested in becoming a Certified Teacher will begin their degree in the BS in Exercise Science, Physical Education and Recreation K-12 Physical Education concentration. In the Junior Year students can apply to the School of Education which will result in a BS degree in EXPER and an MEd degree in Education after completing 106 credits of undergraduate work and 38 credits of graduate work. Students must meet the requirements of both degrees (BS in EXPER K-12 Physical Education and MEd In Education). Students who decide not to apply to the 3+2 program can graduate with a BS in EXPER K-12 Physical Education concentration with 123 credits of undergraduate course work.

By at least the third year of the program, students must apply to the School of Education and the 3+2 Program. Please see the admission tab for full admission information.
