

# HOUSE NUMBERED COURSES

---

University-wide "house-numbered" courses are alternatives to the usual teaching formats of lectures, discussions, and/or laboratories. Several house numbered courses also use alternative grading systems. Additionally, policies, guidelines, and procedures pertaining to each category are presented herein.

Departments tailoring a house-numbered course/title to their degree may not use the generic course description (listed within the categories below) and must submit a course title and brief catalog description specific to the course as part of the course creation/approval process.
