

# ENGLISH, BACHELOR OF ARTS

The BA in English provides students with foundational knowledge in literature, writing and practice, critical thinking, literary theory, culture and diversity, and the power of language that will empower them to innovate, communicate, and discover the necessary skills to thrive in their professional career paths and serve their community.

## Student Learning Outcomes

Upon completion of the B.A. in English program, students will:

1. Demonstrate and apply traditional and contemporary knowledge in cultural contexts.
2. Conduct, analyze, evaluate, and integrate academic research and theory.
3. Construct and deconstruct arguments using a range of rhetorical strategies.
4. Utilize innovative creative, technological, and literacy skills to foster career and community growth.

## Outcomes Assessment Activities

Assessment of the English program is the responsibility of all English Program faculty. The English Program's annual reports evaluating the program and proposing any needed changes are compiled from the following information:

- A central file of course syllabi with representative assignments is maintained by the department for inspection by the committee and other qualified persons.
- All English majors begin the program with ENG 201 Introduction to Literary Theory (3 c.h.) which establishes the emphasized professional standards and the writing and analytical skills students will have acquire in the program. All students in ENG 201 write a final paper, one copy of which is submitted to the department chairperson or committee for assessment.
- All English majors take ENG 493 Senior Seminar (3 c.h.) emphasizing professional standards and synthesizing the writing and analytical skills students have acquired in other English classes. All students in ENG 493 write a senior research paper, one copy of which is submitted to the department chairperson for dissemination for review. In order to pass ENG 493, students must demonstrate satisfactory levels of achievement in meeting the program goals.
- English Program faculty review the papers from ENG 201 and ENG 493 on an annual basis and prepare an analysis of what they reveal about the program's success.
- The English Program administers a student-satisfaction questionnaire to all senior English majors each year. Similar questionnaires are sent to recent graduates and representative employers on a periodic basis.
- The English Program faculty consider the English curricula at leading comparable institutions and apprise the department of innovations worthy of consideration.
