

SCHOOL OF CREATIVITY + PRACTICE

The School of Creativity + Practice at Colorado State University Pueblo exists to enrich the lives of our students and the community through exposure to creative industries across multiple disciplines in an environment of integrated studies.

Creative industry careers involve a variety of skills that extend beyond any one discipline and so the Departments of Art & Creative Media (<https://catalog.csupueblo.edu/college-of-humanities-arts-and-social-sciences/art-and-creative-media/>), Music (<https://catalog.csupueblo.edu/college-of-humanities-arts-and-social-sciences/music/>), and Media & Entertainment (<https://catalog.csupueblo.edu/college-of-humanities-arts-and-social-sciences/media-communication/>) have come together to develop a series of courses and events that form the foundation of the School of Creativity + Practice (SoCaP). Students experience the academic rigor of their chosen pathway, earning degrees from their home departments while gaining valuable exposure to the integrated structure of creative industries.
